THE FOUNDER

Mrs. Corazon "Rose" Puma President/CEO &
Mr. Guillermo "Jimmy" Puma Prime Consultant

RJ SPRING RUBBER & METAL PARTS MFG. CORP.

Founded in **September 1994** by Owner & CEO **Mrs. Corazon "Rose" Puma** and Prime Consultant **Mr. Guillermo "Jimmy" Puma**, RJ Spring has built over three decades of engineering excellence and we have evolved into a trusted, one-stop manufacturing partner serving the automotive, motorcycle, appliance, electronics, bottling, and food industries globally.

As a comprehensive engineering and manufacturing, we specialize in high-precision fabrication:

- Springs & Wire Forms: All types of custom springs, bended wires, and automotive seat frames.
- Component Manufacturing: Industrial rubber molding and high-volume metal stamping.
- Tooling & Engineering: Advanced metal and engineering plastic fabrication, plastic injection, mold making, and dies & jigs design.
- Electroplating: Specialized electroplating services.

We are dedicated to ensuring that our clients' requirements are met in a timely manner through our unwavering commitment in total customer satisfaction. Our strategic vision is to scale our operations globally, leveraging high-precision technologies to remain one of the world's most reliable and prestigious manufacturing suppliers. RJ Spring Group is accredited under the KAB company ISO 9001:2015 QMS & 14001:2015 EMS.

MISSION

- To provide integrated manufacturing solutions that consistently meet customer requirements through quality, innovation, efficiency, and on-time delivery.

VISION

- To become a globally trusted manufacturing partner, recognized for engineering excellence, technological capability and commitment to quality across springs, rubber, metal and plastics products, and advanced fabrication.

CORE VALUES

RJ Spring Rubber & Metal Parts Manufacturing Corporation is guided by core values that shape its work, culture, and commitment to excellence:

1. Safety First

We prioritize the health and well-being of every employee by maintaining a safe work environment and adhering to strict safety standards.

2. Integrity

We act with honesty, fairness, and transparency in all our decisions and interactions, building trust with employees, customers, and partners.

3. Quality Excellence

We are committed to delivering products and services that meet or exceed industry standards, ensuring reliability and customer satisfaction.

4. Innovation

We embrace creativity and continuous improvement, seeking new ways to enhance processes, reduce waste, and deliver better solutions.

5. Respect
